The 2025 Toyota Sequoia Capstone Hybrid V6 3.4L Turbo 4WD is a remarkable blend of power, luxury, and advanced technology, designed to meet the demands of both everyday driving and rugged adventures. Powered by a 3.4-liter twin-turbo V6 hybrid engine, the Sequoia offers an optimal balance between performance and fuel efficiency. Paired with a 10-speed direct-shift automatic transmission and part-time 4WD, it delivers seamless power delivery and impressive towing capabilities. The vehicle is equipped with a heavy-duty tow hitch receiver and trailer backup guide with straight path assist, ensuring that hauling and manoeuvring heavy loads are effortless. The Sequoia also comes with advanced suspension systems, including independent front suspension and a 4-link rear suspension with a solid rear axle, making it a highly capable off-road vehicle.

Safety is paramount in the Sequoia, and Toyota has equipped the Capstone Hybrid with a host of advanced features to keep drivers and passengers secure. The Toyota Safety Sense 2.5 suite includes automatic high beams, dynamic radar cruise control, lane tracing assist, and a pre-collision system with pedestrian and cyclist detection. Additionally, the vehicle features intuitive parking assist with auto braking, blind spot monitoring with RCTA and RCTB, and a panoramic view monitor, making parking and manoeuvring in tight spaces easier. A full set of airbags, including front seat-mounted side airbags and roll-sensing curtain airbags, further enhances the vehicle's protective features.

Inside, the Sequoia Capstone Hybrid offers an exceptional combination of comfort and technology. With seating for seven, the cabin boasts semi-aniline leather seats, heated and ventilated front and rear seats, and a 3-zone automatic climate control system. The 14" Toyota Multimedia system with wireless Android Auto and Apple CarPlay compatibility provides seamless connectivity, while the 14-speaker JBL audio system ensures an immersive audio experience. The vehicle's interior is further elevated with features like ambient lighting, a head-up display, and a digital rearview mirror with HomeLink. The luxurious details extend to the exterior, with premium triple-beam LED headlamps, power running boards, and a panoramic moonroof, giving the Sequoia a commanding presence on the road.

SPECIFICATION

Powertrain & Mechanical

3.4 Litre Twin Turbo V6 Hybrid Engine
10-Speed Direct Shift Automatic Transmission
Part-Time 4WD
Tow Package - Heavy Duty Tow Hitch Receiver
Trailer Backup Guide w/ Straight Path Assist
Electric Parking Brake (EPB)
Independent Front Suspension
4-Link Rear Suspension and Solid Rear Axle
Active Noise Control

Safety & Convenience

Intuitive Parking Assist with Auto Braking
Front Seat Mounted Side Airbags
Driver and Front Passenger Knee Airbags
Roll-Sensing Front Head/Side Curtain Airbags
Driver & Passenger Airbag Supplemental Restraint System (SRS)
Child Protector Rear Door Locks
Blind Spot Monitoring with RCTA and RCTB
Vehicle Stability Control (VSC) + Active Traction Control (A-TRAC)
Panoramic View Monitor
12 Volt Accessory Power Outlet
Smart Key w/ Push Button Start
Power Door Locks
Rear Camera Washer
Power Rear Door with Kick Sensor
Power Fuel Lid Release
400-Watt (120V) Trunk and 2nd Row Power Outlet
Wireless Charging
Tire Pressure Monitoring System with Auto Location

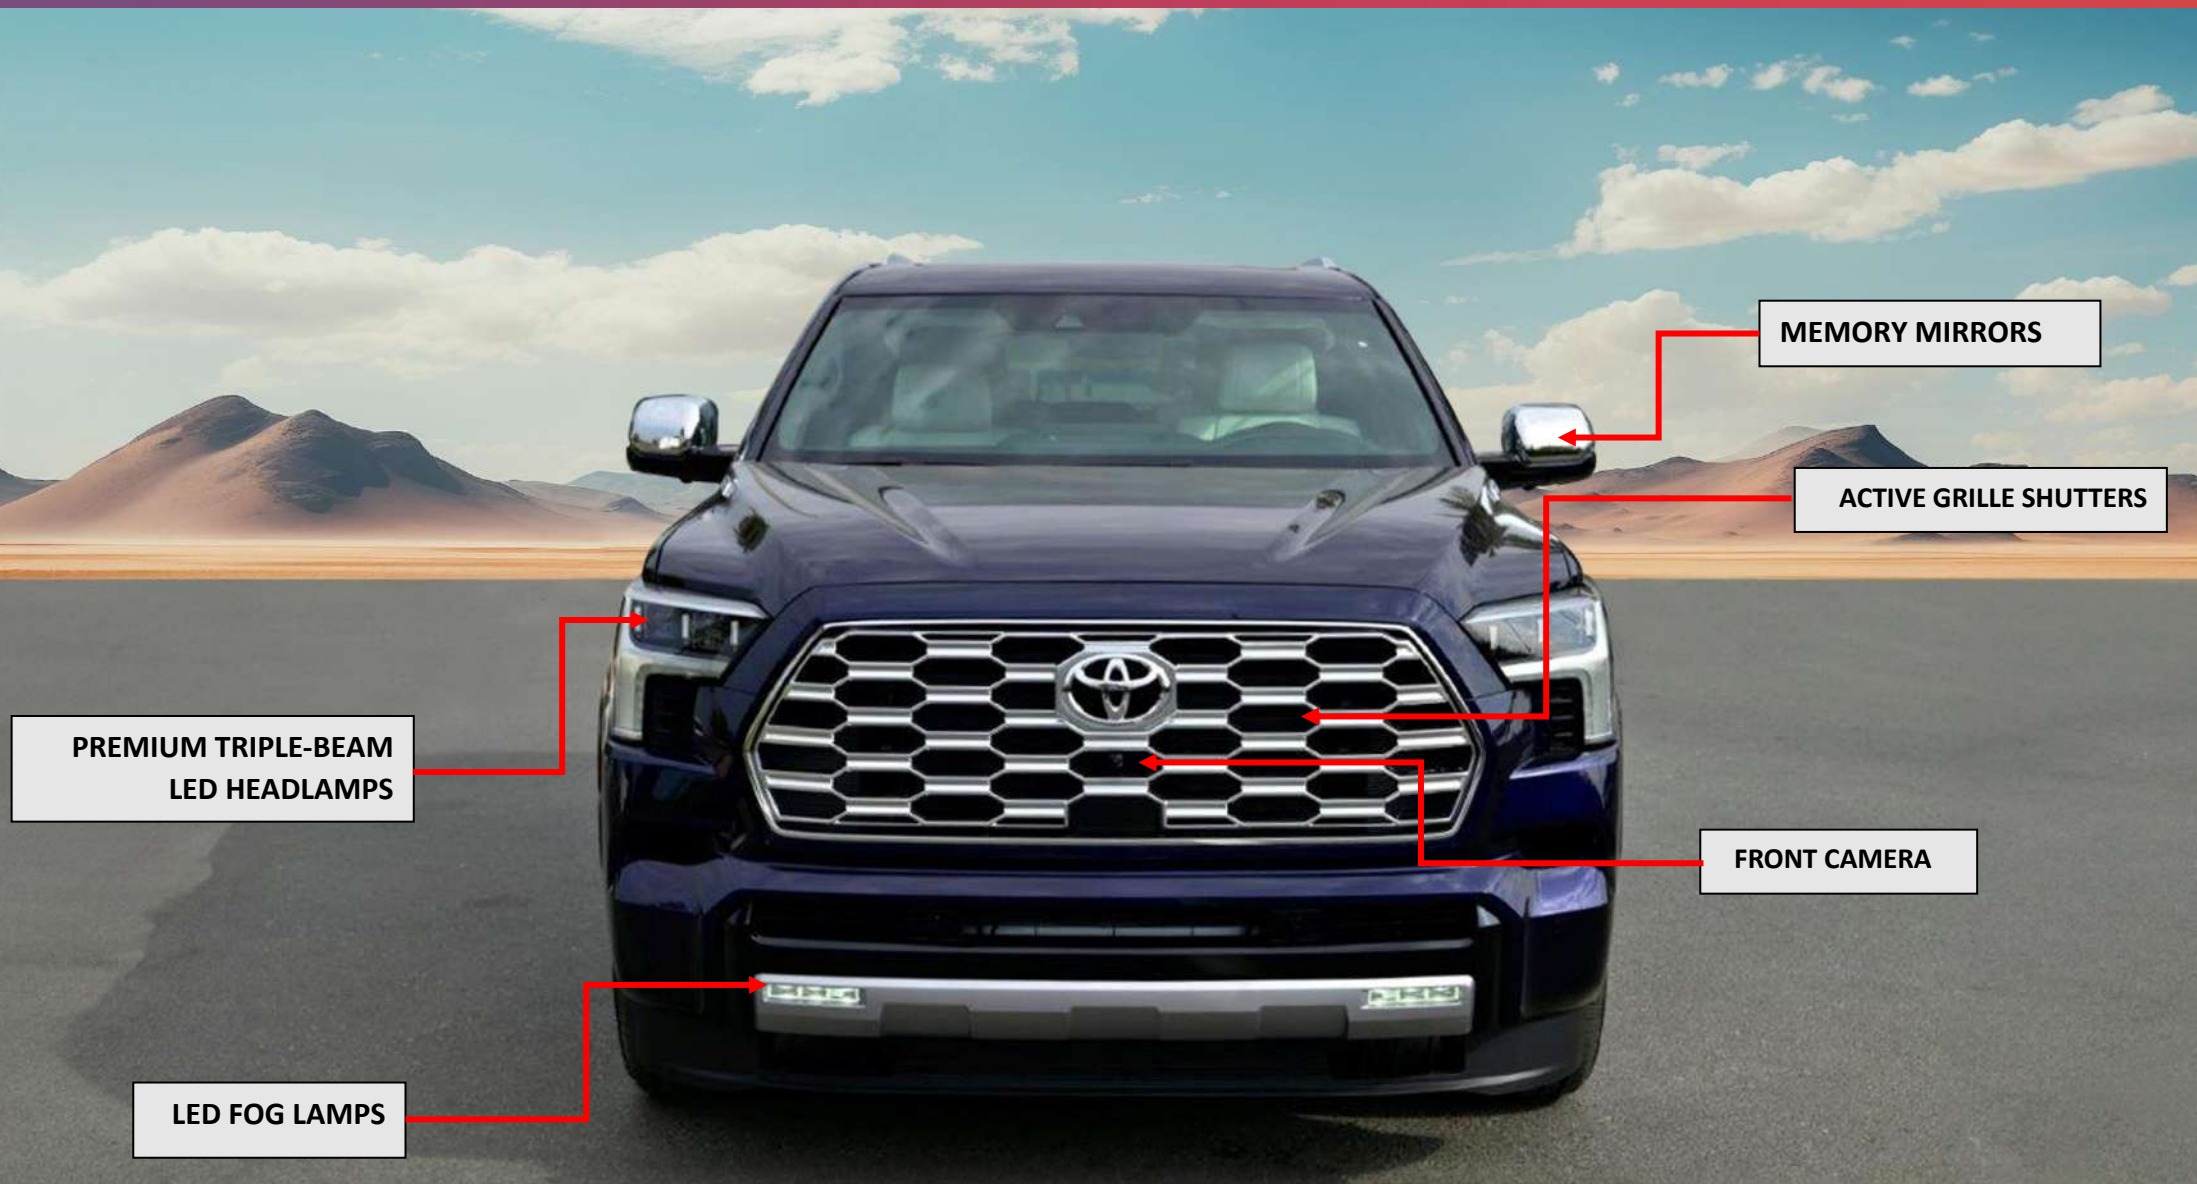

Exterior

LED Daytime Running Lights
LED Fog Lamps
Sequential LED Tail Lamps
Auto Leveling Headlamp System
Windshield Wiper De-Icer
Rain Sensing Wipers
Active Grille Shutters
Panoramic Moonroof
Premium Triple-Beam LED Headlamps
Power Running Boards
Hill-Start Assist Control (HAC)
Trailer Brake Controller
Power Adjustable Heated Exterior Mirrors
